Re: Partnership

Youth Corporation, Inc is a profitable stock-holding company that provides advertisement to businesses partnering with Youth Outreach Services for the Business Mentoring Program. Through our television program, RETV (Reality Education Television), Youth Corporation, Inc provides television programming. Youth Corporation, Inc will also be responsible for operating the book store and Coffee Café in the Youth Outreach Services' Career Center. Please visit our website at [www.yciyos.com](http://www.yciyos.com).

Youth Corporation, Inc is providing an investment plan for the students participating in Youth Outreach Services 12 week Job Readiness Mentoring Program. Our investments and savings plan is called the Building Block Program. Corporations and their mentors will have the opportunity to match the students' contributions to the investments and savings accounts within the Building Block Program. Younger students, with parental guidance, will have the opportunity to open up a saving account and save for the following reasons:

- To further their education
- To purchase a car
- To help the family in emergency
- To have down-payment for a house
- To eventually invest in the stock market
- To start their own business

Thank you for all that you do to serve your community. We look forward to hearing from you and working with you in the future. We appreciate your support!

Sincerely,

Elizabeth Charity, President  
Youth Corporation, Inc.
